Preface

This Standard was prepared by the Australian members of the Joint Standards Australia/Standards New Zealand Committee TX-009, Carpets, to supersede, AS/NZS 2455.1:2007, *Textile floor coverings—Installation practice, Part 1: General*.

After consultation with stakeholders in both countries, Standards Australia and Standards New Zealand decided to develop this Standard as an Australian Standard rather than an Australian/New Zealand Standard.

The objective of this Standard is to provide contractors, manufacturers, suppliers, and purchasers of textile floor coverings, and others (for example, technical educators) with a best-practice guide to enable the provision of correctly installed textile floor coverings.

This revision was undertaken to update systems of installation and preparation.

The AS 2455 series of Standards comprises the following parts:

AS 2455.1, *Textile floor coverings—Installation practice, Part 1: General (this Standard)*

AS 2455.2, *Textile floor coverings—Installation practice, Part 2: Carpet tiles*

NOTE Requirements for installing carpet tiles are covered in Part 2 of this Standard.

The terms "normative" and "informative" have been used in this Standard to define the application of the appendices to which they apply. A "normative" appendix is an integral part of a Standard, whereas an "informative" appendix is only for information and guidance.

Contents

Preface ii

Section 1 Scope and general 1
1.1 Scope 1
1.2 Objective 1
1.3 Normative references 1
1.4 Definitions 1
1.5 Materials 5
1.5.1 Textile floor coverings 5
1.5.2 Underlays 5
1.5.3 Adhesives 6
1.5.4 Carpet gripper 6

Section 2 Pre-installation requirements 8
2.1 Site inspection 8
2.1.1 General 8
2.1.2 Report by contractor 8
2.2 Exchange of information 8
2.2.1 General 8
2.2.2 Commercial installations 9
2.2.3 Residential installations 11
2.3 Conditioning of floor coverings and subfloor 11
2.3.1 General 11
2.3.2 Commercial installations 12
2.3.3 Installation environments 12

Section 3 Installation methods 13
3.1 Planning and general layout
3.2 Conditioning 13
3.3 Pile lay, pattern matching and finishing 14
3.4 Seaming and joining 14
3.4.1 General 14
3.4.2 Methods of seaming and cross-joining 15
3.5 Stretching 15
3.6 Method of installation using the conventional system 16
3.6.1 General 16
3.6.2 Carpet gripper 16
3.6.3 Procedure 16
3.7 Method of installation using the direct stick system 16
3.7.1 General 16
3.7.2 Installation procedure 16
3.8 Method of installation using the dual bond system 17
3.9 Method of installation using the pre-applied adhesive system 18
3.10 Installation on stairs 18
3.10.1 General 18
3.10.2 Method of installation using the carpet gripper system 18
3.10.3 Method of installation using the direct stick system 18
3.10.4 Method of installation using the dual bond system 19
3.11 Completion of installation 19

Appendix A (normative) **Site information to be requested by the contractor from the purchaser** 20

Appendix B (informative) **Determining the moisture content and alkalinity of concrete subfloors** 22

Appendix C (informative) **Principles of stretching textile floor coverings** 27
