THE FOLLOWING SCIENTIFIC, INDUSTRIAL AND GOVERNMENTAL organizations and departments were officially represented on the committee entrusted with the preparation of this standard:

Associated Chambers of Manufactures of Australia
Australian Coal Association
Australian Electrical Manufacturers Association
Department of Defence
Department of Productivity
Department of Public Works, N.S.W.
Electrical Contractors Associations of Australia
Electricity Supply Association of Australia
Insurance Council of Australia
Oil Companies
State Departments of Explosives
State Departments of Labour and Industry
State Departments of Mines
Statutory Electricity Authorities
Sydney County Council (Testing Interest)

This standard, prepared by Committee EL/14, Electrical Equipment for Hazardous Locations, was approved on behalf of the Council of the Standards Association of Australia on 19 November 1976, and was published on 1 July 1977.

To keep abreast of progress in industry, Australian standards are regularly reviewed. Suggestions for improvements to published standards, addressed to the head office of the Association, are welcomed.

This standard was issued in draft form for public review as Doc. 1738.
