Preface

This Standard was prepared by the Joint Standards Australia/Standards New Zealand Committee, SF-001, Occupational Health and Safety Management.

A1 Amendment No. 1 to this Standard was prepared by the Joint Standards Australia/Standards New Zealand Committee SF-001, Occupational Health and Safety Management. **A1**

A1 *This Standard incorporates Amendment No. 1 (November 2024). The start and end of changes introduced by the Amendment are indicated in the text by tags including the Amendment number 1.* **A1**

The objective of this Standard is to specify requirements for an Occupational Health and Safety management system.

Conformance with this Standard may not mean that Australian/New Zealand legal requirements and other requirements have been met.

A1 This document is identical with, and has been reproduced from, ISO 45001:2018, *Occupational health and safety management systems — Requirements with guidance for use* and its Amendment No. 1 (2024) which has been added at the end of the source text. **A1**

As this document has been reproduced from an International Standard, a full point substitutes for a comma when referring to a decimal marker.

Australian or Australian/New Zealand Standards that are identical adoptions of international normative references may be used interchangeably. Refer to the online catalogue for information on specific Standards.

The term “informative” is used in Standards to define the application of the annex to which it applies. An “informative” annex is only for information and guidance.
