

AS 1572—1998

Reconfirmed 2018

Australian Standard™

---

**Copper and copper alloys—  
Seamless tubes for engineering  
purposes**

---

This Australian Standard was prepared by Committee MT/2, Copper and Copper Alloys. It was approved on behalf of the Council of Standards Australia on 21 August 1998 and published on 5 November 1998.

---

The following interests are represented on Committee MT/2:

AUSTAP

Australian Forging Group

Hunter Water Corporation

Metal Trades Industry Association of Australia

New Zealand Manufacturers Federation

Water Corporation Western Australia

Welding Technology Institute of Australia

Additional interests participating in preparation of Standard:

Copper tube manufacturers

Electrical appliance manufacturers

Ship building organizations

---

**Review of Australian Standards.** To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

---

*This Standard was issued in draft form for comment as DR 97410.*
