

AS 1722.2—1992

Reconfirmed 2017

Australian Standard[®]

Pipe threads of Whitworth form

Part 2: Fastening pipe threads

This Australian Standard was prepared by Committee ME/28, Screw Threads. It was approved on behalf of the Council of Standards Australia on 15 October 1991 and published on 17 January 1992.

The following interests are represented on Committee ME/28:

Confederation of Australian Industry
Department of Defence
Division of Applied Physics, CSIRO
Fasteners Institute of Australia
Federal Chamber of Automotive Industries
Institute of Engineers, Australia
Institute of Production Engineers
Metal Trades Industry Association of Australia
Railways of Australia Committee
Technical and Further Education Commission, N.S.W.

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 91074.
