AS/NZS 2566.1:1998

Australian/New Zealand Standard™

Buried flexible pipelines

Part 1: Structural design

AS/NZS 2566.1:1998

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee WS-028, Design and Installation of Buried Flexible Pipes. It was approved on behalf of the Council of Standards Australia on 17 October 1997 and on behalf of the Council of Standards New Zealand on 5 November 1997. This Standard was published on 5 January 1998.

The following are represented on Committee WS-028:

Australian Chamber of Commerce and Industry
Australian Industry Group
Composites Australia
Concrete Pipe Association of Australasia
Engineers Australia
Independent Chairperson (Australia)
Plastics Industry Pipe Association of Australia
Plastics New Zealand
Rail Industry Safety and Standards Board
Standards New Zealand
Stormwater Industry Association
Water Services Association of Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com or Standards New Zealand web site at www.standards.govt.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of Standards Australia or the New Zealand Standards Executive at the address shown on the back cover.

This Standard was issued in draft form for comment as DR 94114.
