AS 2906—1991

Australian Standard®

**Fuel containers—Portable—Plastics
and metal**

[Title allocated by Defence Codification and Standardisation
Authority: CANS AND TANKS, FUEL, PORTABLE (Metal or Plastics)
NSC 7240]

STANDARDS AUSTRALIA 

This Australian Standard was prepared by Committee ME/45, Fuel Tanks and Containers. It was approved on behalf of the Council of Standards Australia on 12 February 1991 and published on 15 April 1991.

The following interests are represented on Committee ME/45:

- Australian Automobile Association
- Australian Automotive Aftermarket Association
- Australian Consumers Association
- Australian Institute of Petroleum
- Canmakers Institute of Australia
- Commonwealth Fire Board
- Confederation of Australian Industry
- Department of Defence
- Department of Labour, Victoria
- Insurance Council of Australia
- Plastics Industry Association
- Retail Traders Associations of Australia
- Workcover Authority of New South Wales

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up-to-date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
