Australian Standard[®]

Water closets of 6/3 L capacity

Part 2: Cisterns

STANDARDS AUSTRALIA

This Australian Standard was prepared by Committee WS/3, Sanitary Plumbing Fixtures. It was approved on behalf of the Council of Standards Australia on 25 January 1993 and published on 15 March 1993.

The following interests are represented on Committee WS/3:

Australian Chamber of Commerce and Industry
Australian Chamber of Manufactures
Department of Health, N.S.W.
Department of Local Government, Qld
Engineering and Water Supply Department, S.A.
Housing Industry Association Australia
Hunter Water Corporation
Melbourne Water
Stainless Steel Products Manufacturers Association
The Plastics Institute of Australia
Water Authority of Western Australia
Water Board, Sydney—Illawarra—Blue Mountains

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 92078.
