

AS 2419.2—1994

Australian Standard[®]

Fire hydrant installations

Part 2: Fire hydrant valves

This Australian Standard was prepared by Committee FP/9, Fire Hydrant Installations. It was approved on behalf of the Council of Standards Australia on 1 September 1994 and published on 17 October 1994.

The following interests are represented on Committee FP/9:

Association of Certification Bodies
Australian Building Codes Board
Australian Chamber of Commerce and Industry
Australian Fire Authorities Council
Australian Fire Protection Association
Australian Valve Manufacturers Association
Civil Aviation Authority
Commonwealth Fire Board
Department of Bush Fire Services New South Wales
Department of Defence
Fire Protection Industry Association of Australia
Institution of Engineers, Australia
Melbourne Water
Water Board Sydney—Illawarra—Blue Mountains
Western Australian Fire Brigade Board

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
