

AS 1448—2007
(Incorporating Amendment No. 1)

AS 1448—2007

Australian Standard[®]

**Carbon steel and carbon-manganese
steels—Forgings (ruling section 300 mm
maximum)**

This Australian Standard® was prepared by Committee MT-001, Iron and Steel. It was approved on behalf of the Council of Standards Australia on 24 April 2007. This Standard was published on 22 May 2007.

The following are represented on Committee MT-001:

- Australasian Railway Association
 - Australian Building Codes Board
 - Australian Foundry Institute
 - Australian Industry Group
 - Australian Steel Institute
 - Bureau of Steel Manufacturers Australia
 - Institute of Materials Engineering Research Australia
 - New Zealand Heavy Engineering Research Association
-

This Standard was issued in draft form for comment as DR 06608.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through the public comment period.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting **www.standards.org.au**

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at **mail@standards.org.au**, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.
