STANDARDS
NEW ZEALAND
Pūranga Aotearoa

AS/NZS 3707:2001

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee PL-045, Plastics Pipe Systems Test and Calculation Methods. It was approved on behalf of the Council of Standards Australia on 8 June 2001 and on behalf of the Council of Standards New Zealand on 8 June 2001. It was published on 1 August 2001.

The following interests are represented on Committee PL-045:

Australian Association of Certification Bodies
Australian Chamber of Commerce and Industry
Australian Gas Association
Australian Nuclear Science and Technology Organisation
Composites Association of NZ
Composites Institute of Australia
CSIRO Building, Construction and Engineering
Institution of Engineers Australia
Master Plumbers, Gasfitters and Drainlayers New Zealand
New Zealand Manufacturers Federation
New Zealand Water and Waste Association
Plastics and Chemicals Industries Association
Plastics Institute of New Zealand
Water Services Association of Australia

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Australia web site at www.standards.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia International or Standards New Zealand at the address shown on the back cover.
