Australian Standard® 1554.1—1985

SAA STRUCTURAL STEEL WELDING CODE

Part 1—WELDING OF STEEL STRUCTURES

STANDARDS ASSOCIATION OF AUSTRALIA
Incorporated by Royal Charter

This Australian standard was prepared by Committee WD/3, Welding of Structures. It was approved on behalf of the Council of the Standards Association of Australia on 24 July 1984 and published on 17 May 1985.

The following interests are represented on Committee WD/3:

Aluminium Development Council
Association of Consulting Engineers, Australia
Australian Chamber of Commerce
Australian Institute of Steel Construction Ltd
Australian Welding Institute
Australian Welding Research Institute
Bureau of Steel Manufacturers of Australia
Confederation of Australian Industry
Department of Defence Support
Department of Housing and Construction
Department of Main Roads, N.S.W.
Electricity Supply Association of Australia
Institution of Engineers, Australia
Metal Trades Industry Association of Australia
National Association of Australia State Road Authorities
Railways of Australia Committee
Snowy Mountains Engineering Corporation
Steel Reinforcement Promotion Group
University of Sydney

Review of Australian Standards. To keep abreast of progress in industry, Australian standards are subject to periodic review and are kept up-to-date by the issue of amendments or new editions as necessary. It is important therefore that standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all SAA publications will be found in the Catalogue of SAA Publications; this information is supplemented each month by SAA's journal 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn standards.

Suggestions for improvements to Australian standards, addressed to the head office of the Association, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian standard should be made without delay in order that the matter may be investigated and appropriate action taken.
