

Road tank vehicles for dangerous goods

Part 3: Road tank vehicles for compressed liquefied gas

This Australian Standard® was prepared by Committee ME-057, Road Tankers for Hazardous Liquids and Gases. It was approved on behalf of the Council of Standards Australia on 13 March 2017.
This Standard was published on 26 April 2017.

The following are represented on Committee ME-057:

- Australasian Fire and Emergency Service Authorities Council
 - Australia New Zealand Industrial Gas Association
 - Australian Chamber of Commerce and Industry
 - Australian Industry Group
 - Australian Institute of Petroleum Gas
 - Energy Australia
 - National Bulk Tanker Association
 - National Heavy Vehicle Regulator
 - Petroleum Industry Contractors Association
 - Queensland Transport
 - SafeWork SA
 - The Bitumen Users Group
 - WorkSafe Victoria
-

This Standard was issued in draft form for comment as DR AS 2809.3:2016.

Standards Australia wishes to acknowledge the participation of the expert individuals that contributed to the development of this Standard through their representation on the Committee and through the public comment period.

Keeping Standards up-to-date

Australian Standards® are living documents that reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued.

Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments that may have been published since the Standard was published.

Detailed information about Australian Standards, drafts, amendments and new projects can be found by visiting **www.standards.org.au**

Standards Australia welcomes suggestions for improvements, and encourages readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at **mail@standards.org.au**, or write to Standards Australia, GPO Box 476, Sydney, NSW 2001.

AS 2809.3:2017

Australian Standard®

Road tank vehicles for dangerous goods

Part 3: Road tank vehicles for compressed liquefied gas

Originated as part of AS 2090.2—1979 and AS 2090.3—1979.
Previous edition AS 2809.3—2008.
Fourth edition 2017.

PREFACE

This Standard was prepared by the Standards Australia Committee ME-057, Road Tankers for Hazardous Liquids and Gases, to supersede AS 2809.3—2008, *Road tank vehicles for dangerous goods*, Part 3: *Road tank vehicles for compressed liquefied gases*.

This Standard specifies requirements for road tank vehicles transporting compressed liquefied gases. This Standard is to be used in conjunction with AS 2809.1 (which applies to all road tank vehicles) and any other Part of AS 2809 where more than one hazardous property applies to the dangerous goods being transported.

The objective of this revision of AS 2809.3 is to add Section 6, Liquid chlorine road tank vehicles. Please note that the scope of this revision was limited; a further revision of the full AS 2809 series, including this Standard, has been approved by Standards Australia and is currently underway.

This Standard is Part 3 of the AS 2809 series, which comprises six Parts. Part 1 specifies general requirements for all road tank vehicles and Parts 2 to 6 provide specific requirements applicable to particular road tank vehicles. The series is as follows:

AS

2809 Road tank vehicles for dangerous goods

2809.1 Part 1: General requirements for all road tank vehicles

2809.2 Part 2: Road tank vehicles for flammable liquids

2809.3 Part 3: Road tank vehicles for compressed liquefied gases (this Standard)

2809.4 Part 4: Tankers for toxic and corrosive cargoes

2809.5 Part 5: Tankers for bitumen-based products

2809.6 Part 6: Tankers for cryogenic liquids

The term ‘normative’ has been used in this Standard to define the application of the appendix to which it applies. A ‘normative’ appendix is an integral part of a Standard.

IT SHOULD BE NOTED THAT COMPLIANCE WITH THIS STANDARD MAY NOT NECESSARILY FULFIL ALL LEGAL OBLIGATIONS.
